INDIANAPOLIS, Nov. 9.—The indications that within the next month the Populist organization in this state will band E. B. Cummings, the secretary of the state committee, has tendered his resignation, and the other officers and members of the state committee will, it is to follow his example. The man who has been leading the party here have information that the members of the executive committee of the national committee have decided to resign. The city committee of the party here has ceased to exist, and the party organizations have abandoned at Lafayette, Fort Wayne, Ellettsport, New Albany, Richmond and elsewhere. There is some talk of organizing a new party, which shall take up and adhere to the principles for which the Populists have been standing.

A NATIONAL LUTHER LEAGUE.

It Will Be a Sort of Christian Endeavor Society Limited to Lutherans.

The young Lutherans of the country are soon to form in a convention at Pittsburg a National Luther League, an order somewhat resembling the Young People's Society of Christian Endeavor, which has been such a power for good for a number of years. Lutheran societies of various names have been in existence for a long time past, but the first society to adopt the name Luther League was organized by E. F. Eilert of St. John's German church, New York city, in 1888, and Eilert became its president. The same year several of the societies were formed into a Central Luther League and the scheme proved such a power for good and such a strong right arm of the churches to which the various societies belonged that in 1889 the first state Luther League was formed by 20 societies in New York state. The leading spirit of the enterprise was Eilert, who was elected president.

The idea proved so successful in bringing together the young people of the various divisions of the church and interesting them in its work that in 1892 Pennsylvania wheeled into line with a state division that possessed a

E. F. EILERT.

large membership. Kansas was the next to join the movement, and a state division was formed in 1893. The Illinois Luther League, with 1,500 members, entered the field last June, and but a few months ago New Jersey was the fifth state to join hands with the young Christian workers. If the league continues to grow at the same rate that has marked its progress thus far, it will ere long rival the Christian Endeavor as a factor in church work.

In the United States and Canada there are about 7,000,000 baptized members of the Lutheran church and nearly 1,500,000 communicant members. Some of them do not agree on minor points and have organized different synods, but they are all Lutherans in the true sense of the word, using Luther's catechism and subscribing to the Augsburg confession. In one respect at least the Luther League differs from the Christian Endeavor. The league is limited to Lutherans exclusively, while all denominations find the Christian Endeavor society open to them.

GOVERNOR CLARK OF ARKANSAS.

Career of the Man Who Opposes Pugilism in the Bear State.

Said the governor of Arkansas to the governor of Texas, "It'll be a deuce of a time between prize fights if we have our say!" In these days the gubernatorial fist is usually champion of the ring. Governor Claude Matthews drove the Roby pugilists out of Indiana at the point of the bayonet. Governor Francis T. Nichols sent Sullivan and Kilrain flying out of Louisiana. Governor Robert Lowry of Mississippi dragged them back to Paris after the Richburg fight, fined Sullivan \$1,000 and punished Kilrain with two months' imprisonment and \$200 fine. Governor Henry L. Mitchell did everything in his power to prevent the Corbett Mitchell fight, but was outgeneraled; Governor Charles A. Culberson's legislature landed a knockout

blow on both Corbett and Fitzsimmons, and Governor Clark of Arkansas is the latest chief executive of a state to go into training for a bout with the big boxers.

Governor Clark is 29 years of age and is a native of Mississippi. He made Arkansas his home in 1879, and each year since then has steadily improved his condition in life. He first made a notable success as a lawyer, and then devoted himself to politics with such ability that he was elected to the legislature in 1887, to the senate in 1889, to the presidency of the senate a short time later, to the attorney generalship of the state in 1892 and to the governorship in 1894. He is naturally quite well satisfied with his progress thus far, but is still ambitious to continue rising, and, it is said, is casting longing eyes on the seat in the United States senate occupied by James K. Jones, whose term will expire March 3, 1897.

FINANCE AND TRADE.

Advance in the Price of Coke Expected, Which Will Affect Manufacturers.

New York, Nov. 9.—R. G. Dun & Co.'s weekly review of trade says: It has been a broken week, and just before and after elections in the most important states operations rarely have much significance. Business may be largely affected in time, but as yet there is scarcely any indication what the effect will be. The controlling power at present is the effort to readjust prices after the remarkable rise of last summer, in important materials and products, with the struggle of great combinations to prevent declines.

The purchase of competing interests now gives the H. C. Frick company ownership of 11,656 out of 17,934 coke ovens in the Connellsville region, and practical control of more than three-quarters and an advance in the price of coke to \$2 is expected, as the Carnegie company has been buying up supplies at low prices for months in advance. Yet the price of Bessemer pig is lower, \$14.75 at Pittsburg, and billets are lower because there is scarcely any demand for rails at the combination price.

Many woolen mills are now closing to wait for orders, though the demand is fairly satisfactory for some dress goods and worsteds, and the Washington mills open day worsteds at ten cents advance. But prices of these and most qualities of woollens are still uncertain. The market for raw cotton is held at 8.51 cents, in spite of a highly respectable estimate of only 6,435,000 bales for the year.

Failures for the week have been 290 in the United States against 261 for the same week last year, and 49 in Canada, against 42 last year.

Nebraska's White Metal Contest.

OMAHA, Nov. 9.—Much interest has been created among Nebraska Democrats as a result of election returns showing the relative vote of the two wings. Mahoney, the administration candidate for the supreme court, received 14,500 and Phelps, silver man, 8,600. Both went on the ticket under the supreme court ruling as Democrats, and the silver men claim this was unfair to their interests, and that it was not a proper test. The silver men suggest that the silver question be submitted to a primary election in Nebraska. They assert that if the gold men refuse to submit the question to a primary election they will be estopped from claiming to represent a majority of the Democratic voters.

Sent to Jail for Contempt of Court.

SAN FRANCISCO, Nov. 9.—United States Grand Juror H. G. Zimmerman, accused of having disrespected certain testimony taken before the federal grand jury in the investigation of the charges of intimidation of witness, subordination of perjury, etc., against the principals and witnesses in the Freeman-Washington patent case, was today guilty yesterday of contempt of court and sentenced by Judge Morrow to six months in the county jail, without the alternative of a fine, and was also severely reprimanded by the court.

A Colored Judge in Albany.

ALBANY, Nov. 9.—James T. Matthews, colored, recorder of deeds at Washington in President Cleveland's first administration, has been elected judge of the recorder's court of this city, which office carries with it powers of a supreme court judge. His majority is over 2,000. He was nominated and elected on the regular Democratic ticket. It is the highest judicial office ever held by a man of his race in this country.

Haywood's Plurality 184,102.

PHILADELPHIA, Nov. 9.—Complete returns from every county in the state show that a total vote of 70,000 was cast on Tuesday for the Republican and Democratic candidates for state treasurer. Haywood having a plurality of 184,102.

DR. J. R. BAIRD WELL KNOWN IN AMERICAN MISSIONS.

HUNDREDS OF BOTTLES OF PAINE'S CELERY COMPOUND PRESCRIBED BY HIM

Has Found It a Blessing to the Afflicted Beyond any other Remedy.

Dr. J. R. Baird is not only a missionary, but, what is not so well known, he is a physician of large experience.

His published account of the work he has done in the state of Michigan has been read with interest not only by those particularly concerned in missions, but by the public generally.

Dr. Baird is known as a practical worker. His health was broken by the severe winter climate in Michigan some time ago, and he seemed likely to be obliged to give up his work. But he resorted to the use of that easily obtained remedy, Paine's cel-

ery compound, and was himself again, energetic and active as ever, within a few weeks.

The reasonable, undisguised way in which Paine's celery compound fortifies the body against nervous exhaustion and rebuilds its shattered parts has been freely explained by physicians, the best of whom to-day always look to this great remedy where debility is to be overcome. It does its work thoroughly and speedily. Let every nervous sufferer, and every man and woman who feels run down and tired beyond the power of a night's sleep to restore, try Paine's celery compound. It will make the man and woman strong and active and a stout believer in this great remedy.

Dr. Baird, who is now at his home in Indiana, Penn., describes his own experience as follows: "It was about six years ago when I first tried Paine's celery compound for nervous diseases and rheumatism. In the severe winter climate in the state of Michigan I was at our

mission station there, and became a great sufferer. I used three bottles of Paine's celery compound, and was very greatly benefited thereby. I then began to advise my members who were sick to use it, and in every case where the directions were strictly obeyed the treatment was successful. In a few years past hundreds of bottles have been used directly through my advice. Paine's celery compound is far better than other remedies, and leaves no bad effects in the system. Its manifold healing qualities make a boon of life and a blessing to the afflicted beyond any preparation within my reach."

The great falling off in the amount of rheumatism, neuralgia and nervous weakness that physicians have everywhere noted comes from the wide spread knowledge that there is no need of suffering any longer from these common diseases. It is now everywhere known how correctly Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college, understood the needs of suffering men and women when he prepared the formu-

la for Paine's celery compound. By the use of this world-famous remedy countless men and women have saved themselves from nervous prostration.

The cares of large families do not stop when the day is over. There is incessant anxiety, weakness and concern for some members of the household. It is no wonder that so many, especially women, break down under the crushing weight. Their very love and pride keep them always at work. They "live on their nerves," as the saying is. till there comes a time when flesh and blood can stand it no longer. It is a simple thing for them to keep well and strong if Paine's celery compound is straightway used at the earliest signs of failing vigor. The tired, "dragged out" feeling is soon entirely removed. There will be no neuralgia, no persistent headaches, no dyspepsia, no haunting pain over the eyes, no nervous exhaustion when Paine's celery compound is used. It makes people well.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Carthage's New Acquittal of Murder.

LEWIS, Kan., Nov. 9.—Dr. R. C. McLean, of Lebo, Coffey county, a nephew of John G. Carthage, secretary of the treasury after a two days' trial was last evening acquitted of the charge of murdering J. W. Blake on the afternoon of Dec. 27, 1894, at Arvada. The defendant proved the shooting was in self defense.

A drowning man would have little use for a method of rescue which would require days. A dyspeptic doesn't want to bother with a remedy that is going to take weeks to show its beneficial effects.

The Mount Lebanon Shakers are offering a product under the name of Shaker Digestive Cordial which yields immediate relief. The very first dose proves beneficial in most cases; and it is owing to their unbounded confidence in it, that they have put 10 cent sample bottles on the market. The Shaker Digestive Cordial relieves by resting the stomach and aiding the digestion of food.

BUFFALO, Nov. 9.—Never has this city seen a more representative body of citizens than assembled last night in the Buffalo club to do honor to "Chauncey M. Depew." Edgar B. Jewett, mayor of Buffalo, presided and welcomed the guests of honor in a speech which elaborated the sentiments that had inspired to the banquet. Mr. John N. OBITUARY.

Mrs. Henry Emde.
Mrs. Frederica Glen, wife of
Henry Emde, the well known tailor,
of this city, died at 1:30 o'clock, this
morning, at her home, No. 25 Prince
street. Mrs. Emde had been a suf-
ferer for the past year, from a com-
plication of diseases.
Deceased was born in Wittenberg,
Mecklenburg-Schwerin, Germany,
June 21st, 1837, and was, therefore,
in her fifty-ninth year.
She was married in Germany, thirty-
two years ago, to Mr. Emde, and
came to this country in 1868. After a
few years residence in New York city
Mr. and Mrs. Emde moved to Mid-
dletown in 1872, and have since re-
sided here.
Five children were born to Mr. and
Mrs. Emde, three of whom died in
infancy and another, Henry, a bright
boy of ten, died about thirteen years
ago. The only surviving son is Mr.
Chas. H. Emde, the successful ves-
tment tailor. An adopted daughter,
Fredna, has brightened the home
since her infancy.
Shortly after coming to Middle-
town, Mrs. Emde became a member
of the First Congregational Church
and has been one of its most faithful,
active and consistent supporters.
She was also an active member of
Rebecca Lodge, I. O. O. F., and will
be greatly missed in its councils.
Mrs. Emde was a devoted mother,
generous to the poor, and by her
graces of character endeared herself
to all who knew her.
The funeral notice appears else-
where.
Flower Show and Fair at First Pres-
byterian Church.
At the flower show from Elmbar-
ber's greenhouse, to be held at the
First Presbyterian Church, next
week, Mr. Bartholomew, the man-
ager, will make a specialty of decor-
ating. Having followed this branch
of the business three years before
coming to Middletown, he will be
able to show the public some new
ideas.
While in Minneapolis he did a
number of decorations that cost
thousands of dollars for Washburn
and Pillsbury, of flour fame. It will
be necessary to attend each day in
order to see it all, as there will be
different decorations each day.
A Brave New York Fireman an Orange
County Boy.
A. S. Johnstone, the New York
fireman whose heroic act in rescuing
two fellow firemen from death in the
big fire at Broadway and Bleeker
street, the night after the election,
has been described at length in all
the New York papers, is an Orange
county boy, a native of Salisbury
Mills and a son of Charles N. John-
stone, of that village.
A Masonic Visit.
District Deputy W. M. Combs will
go to Liberty, Tuesday evening,
to inspect the Masonic lodge in that
village. Members of the order de-
siring to accompany him are re-
quested to be at the Wickham ave-
nue depot in time to take the 6
o'clock train.
A Hook Fast in a Child's Nose.
A little child of Mr. O. O. Carpen-
ter, this afternoon, pushed a hook,
about half an inch long, up one of
its nostrils.
Its mother being unable to extract
the hook sent for a physician, who
was equally unsuccessful on account
of the child's struggles. It will prob-
ably be necessary to administer
ether to remove the hook.
Polish Church Dedication.
The church at Florida, built by the
Polish Catholics of that section, will
be dedicated with appropriate cere-
monies, to-morrow, at 10 a. m. Rev.
S. J. Nowak is the pastor.
A Fine Business Wagon.
Mr. S. K. Watts, the plumber and
steam fitter of 86 Wickham avenue,
is out with a fine new business
wagon.

"SICK AND IN PRISON."

The Girl-Who Attempted Suicide
in a Critical Condition.
Sheriff Beakes was in this city, to-
day, and reported to Assistant Dis-
trict Attorney Powellson that Minnie
Josephine Conkling, the sixteen-
year-old wife of Joseph Volante, who
was sent to jail, Thursday, on the
charge of having attempted to com-
mit suicide on account of her hus-
band's brutality, is so seriously ill
that he has found it necessary to
provide a nurse for her.
It is understood that application
for her release will be made to Judge
Beattie, on Monday, if she is then
alive.
It is doubtful if any grand jury
could be found in Orange county
that would indict the girl, and it
would seem to be an act of humanity
to remove her from the jail and place
her where she will receive proper care
and be out of the reach of the brute
who calls her his wife.

VIVISECTION IN THE SCHOOLS.

Condemned as Brutal and Brutalizing
—An Eminent Physician's Opinion.
The publication yesterday of the
fact that a cat had been vivisected
before the Academy class in physi-
ology has caused much talk about
town and elicited much unfavorable
comment from those who believe
that vivisection is both brutal and
brutalizing. A reader of the Argus,
a very intelligent lady, asks us to
print what Dr. E. H. Hawke, of
Lyon, says on this subject:
"I believe that vivisection blunts
the moral sense to such a degree as
to become a strong force in the pro-
duction of criminals."

CHESTER PEOPLE'S AWKWARD PLIGHT.

Missed the Last Goshen Car—Helped
Out by Superintendent Uroin.
The Traction Co. ran two special
cars last night, for the accommoda-
tion of Goshen people who attended
the Carleton readings at the Casino.
When the last car returned from
Goshen, a party of about twenty peo-
ple from Chester, who had driven
from that village and taken the cars
at Goshen, were found waiting on
the corner of Benton and Sprague
avenues. They had been misinformed
as to the leaving time of the last
car, and were in an unpleasant pre-
dicament. Superintendent Uroin
took them on board and returned to
Goshen much to the relief of mind
of the entire party.

THE SUMMIT AVENUE BRIDGE.

Work at a Standstill Because the
Bridge Company Will Not Comply
With the Erie's Terms.
There is no change in the situa-
tion at the Summit avenue bridge
over the Erie tracks, and people are
now wondering if the electric road
will really be finished to the State
Hospital this fall. The trouble is
this: The Erie Company requires
that the Bridge Company shall give
bonds indemnifying the Railway
Company for any accidents that may
happen during the progress of con-
struction of the bridge, and that an
experienced flagman shall be station-
ed there until the bridge is finished.
Thus far this requirement has not
been complied with and the work is
at a standstill. These matters should
have been arranged long ago.

"CARLETON NIGHT."

The Casino Crowded to the Doors—
What Intelligent Advertising Will Do.
The large audience which, in spite
of unfavorable weather, gathered at
the Casino, last night, to hear Will
Carleton, was an object lesson in
what can be accomplished by intelli-
gent and persistent advertising. Ten
days ago, but little interest was felt
in "Carleton night," but so well was
the event advertised that it "cap-
tured the town," and the result was
one of the largest audiences of the
season.
Mr. Carleton kept the close atten-
tion of his audience during the whole
evening, and frequent ripples of
laughter attested his hearers' appre-
ciation of every touch of humor. The
general verdict is that the enter-
tainment was a great success and if
Mr. Carleton ever returns to Middletown
he will be certain to prove a strong
drawing card.

The Supreme Court Judgment.

The vote for Supreme Court Judge
in this district is very close as be-
tween Martin J. Keogh, Democrat,
and Hugo Hirsch, Republican. To-
day's figures indicate the election of
Mr. Keogh by a majority of less than
300. He has telegraphed Mr. O'Neill
and Mr. Vanamee asking them to
appear before the Orange County
Board of Canvassers, Tuesday, and
look after his interests.

There was a young maid in Fifi,
And in number her lovers were three,
But which she loved best
She needed a test.
To tell her, so doubtful was she,
So she stirred up a cannibal war,
Till the whole land was redden with gore
And young man No. 1
Got slain with a gun—
But her heart was as light as before.
So she knew that she didn't love him,
That her fancy was only a whim;
But still there were two,
Both eager to woo,
And still her love's eye-light was dim.
But young No. 2 in a light
Was captured one terrible night,
And they made him the meat
At a cannibal treat—
And she found that her heart was still light.
So she didn't love that one, she knew,
But she still was in doubt what to do,
For young man No. 3,
For all she could see,
Was no dearer than youth No. 2.
But her fears in due time were allayed,
For the enemy made a fierce raid,
And, with arrow points flit,
Her last lover was killed—
And she lived and she died an old maid.

How the Living Skeleton Escaped.

Picked Up One Fact.

"I want to get some information," said the brisk, businesslike man who had dropped in. "and I don't know any better place to hunt it in than a newspaper office."

"What is it you want to know?" asked the man temporarily at the city editor's desk.

"Why, it's like this," rejoined the caller, sitting down and drawing his chair up for a confidential interview. "In our town over in Iowa we're trying to knock the gas company's price down from \$1.25 to \$1. We claim there's a big profit in it at 10 cents. The company contends it would lose money at a dollar. My business here—in the anatomy of our town—is to hunt up an expert that knows exactly what it costs to make gas and get him to come over and testify or send his deposition. There's to be a conference between the gas company and the city authorities next week and the question's going to be settled. The gas company has an attorney that will swear to anything. If the company wants him to swear that it costs \$1.50 to make gas, he'll do it. He hasn't any more conscience than an old sitting hen. The man I want must be able to prove him a liar and."

"Yes, yes," interrupted the man at the desk. "I may be able to put you on track of an expert. What's the name of your town?"

"Shickerville. Acquainted there?"

"Yes. What's the name of that attorney for the gas company?"

"Shankleberg. Know him?"

"Yes. He's my brother."

"Good afternoon!"—Chicago Tribune.

If It Had Been Good!
It was rather a cool day, and when the gallon of ice cream that had been ordered from the confectioner's the day before was brought round to the Billis mansion it was sent down to the kitchen and given to the cook and housemaid.

Happening to visit the kitchen in the course of an hour or so Mrs. Billis found Mandy sitting at one end of the table and Dinah at the other end, with the empty receptacle between them. They had eaten the whole gallon.

"How was the ice cream?" she asked.

"Purty po, meen; purty po," said Dinah.—Chicago Tribune.

The small copy had applied at the lawyer's office for a job, and the lawyer, kindly man, was asking him a few preliminary questions of a moral character.
"Now, my boy," he said after several interrogatories, "do you know what will become of you if you tell the truth?"
"Yes, sir," replied the boy promptly.
"Good for you," said the pleased attorney. "Now tell me what?"

After a Dangerous Experience.

One of the Multitude of People Who Have Been Speedily and Permanently Cured by Munyon's Remedies Tells His Story.

Mr. Charles W. Godfrey, of Marchantville, N. J., says: "I was unable to work for half a day for a long time because of kidney trouble. What I have suffered during that time no one but myself knows. Living was a prolonged torment, and became more unendurable every day. I tried every remedy that was suggested and I sought the best medical advice, but could not obtain any benefit. The physicians said I had Bright's Disease and my case was pronounced hopeless. Finally, in despair, I went to Professor Munyon, Philadelphia, and began treatment under the eminent specialist there. After taking MUNYON'S KIDNEY CURE a short time I began to improve, and am now thoroughly cured of my trouble. I can perform my work properly without fatigue. I shall always remember Munyon with gratitude."

Munyon's Homeopathic Home Remedy Company, of Philadelphia, puts up specifics for almost every disease. So prompt and efficient are their curative properties that any person may be cured without the expense of a doctor's bill. The remedies are mostly 25 cents a bottle, and may be had from any druggist.
